

# **CLASSROOM MANAGEMENT**

**FOR KINDERGARTEN**

## **WHOLE CLASS**

- Students will work together during the first week of school to create expectations of our classroom
- At two points during the day, halfway through the day and at the end of the day, the students will have a chance to earn a stone for the classroom's behavior jar
- When the jar has been filled with stones, they will be rewarded with a prize that has been pre-determined by the teacher

## **INDIVIDUAL**

- Students will be expected to follow classroom expectations, and can earn "Golden Tickets" for going above and beyond these expectations
- Students will be responsible for keeping track of tickets
- Students will be encouraged to save and accumulate their tickets in order to trade them for privileges and rewards pre-determined by the teacher
- Students who need extra behavior tracking will have an individualized plan made after a discussion is had with the parent(s)/legal guardian(s)
